SUDDEN HEART ATTACK SURVIVAL RATES ARE DISMAL. ABOUT 300-THOUSAND PEOPLE SUFFER SUDDEN CARDIAC ARREST OUTSIDE HOSPITALS EVERY YEAR. ONLY ONE IN TEN SURVIVE ... AND THAT STATISTIC HAS REMAINED STEADY FOR THE PAST 30 YEARS. NOW THERE MAY BE A WAY TO INCREASE THE SURVIVAL RATE. DR. COMILLA SASSON WITH THE UNIVERSITY OF MICHIGAN HEALTH SYSTEM SAYS HER RESEARCH SHOWS THAT CARDIAC ARREST SURVIVAL CHANCES DEPEND ON WHAT PART OF TOWN YOU ARE IN. HER STUDY OF HEART ATTACK VICTIMS IN FULLTON COUNTY, WHICH INCLUDES ATLANTA, FOUND THAT RESIDENTS OF ECONOMICALLY-DISADVANTAGED AND LESS-EDUCATED NEIGHBORHOODS WERE TWO TO THREE TIMES MORE LIKELY TO HAVE A HEART ATTACK THAN RESIDENTS OF MORE AFFLUENT OR EDUCATED ONES. EVEN MORE TROUBLING ... RESIDENTS OF POORER NEIGHBORHOODS ARE LESS TRAINED TO PERFORM POTENTIALLY LIFE-SAVING CPR. DR. SASSON SUGGESTS THAT HEALTH OFFICIALS SHOULD TARGET NEIGHBORHOODS THAT HAVE HIGH HEART ATTACK RATES AND NEED CPR TRAINING THE MOST.

IT IS NO BIGGER THAN A PAPER-CLIP BUT COULD HAVE A HUGE IMPACT ON 1.1 MILLION AMERICANS HOSPITALIZED EACH YEAR WITH HEART FAILURE. I THINK IT IS A GRAND SLAM. IT HAS BEEN A DECADE SINCE WE HAVE SEEN A TRIAL THIS POSITIVE IN TERMS OF HEART FAILURE THE DEVICE IS A TINY SENSOR; IMPLANTED THROUGH A CATHETER IN THE HEARTS PULMONARY ARTERY. THE IMPLANT PROCEDURE TAKES JUST 7 MINUTES. ONCE A DAY, THE PATIENT PASSES A WAND OVER HIS CHEST, COLLECTING DATA ON HEART PRESSURE, THAT DATA IS SENT DIRECTLY TO THE DOCTOR'S COMPUTER OR EVEN A HANDHELD DEVICE. IT IS HIGH LEVELS OF HEART PRESSURE THAN CAN BE DANGEROUS. BUT WITH THIS DEVICE, DOCTORS GET THE INFORMATION RIGHT AWAY AND CAN MODIFY MEDICATIONS QUICKLY, OFTEN BEFORE THERE IS ANY NEED FOR HOSPITALIZATION. UNTIL NOW, A SCALE WAS ONE OF THE ONLY METHODS, THOUGH IMPRECISE, WEAPONS TO MONITOR PATIENTS. WEIGHT GAIN IS A SYMPTOM OF HEART FAILURE; A POORLY WORKING HEART DOESN'T PUMP ENOUGH BLOOD WHICH LEADS TO FLUID BUILD-UP. DAILY WEIGHT CHANGE IS VERY INSENSITIVE TO PREDICTING EPISODES OF WORSENING

HEART FAILURE IN TODAY'S STUDY, PATIENTS WITH THE RADIO-SENSOR ENJOYED 38 PERCENT FEWER HOSPITALIZATIONS IN THE FIRST YEAR. A HUGE NUMBER IN THE MEDICAL WORLD WITH THE POTENTIAL TO SAVE LIVES AND MONEY.

CLEVELAND CLINIC RESEARCHERS SAY THEY'VE MADE A DISCOVERY THAT MAY LEAD TO A CURE FOR BREAST CANCER. IN A STUDY JUST RELEASED, THOSE RESEARCHERS SAY THEY'VE COME UP WITH A VACCINE THAT MAY NOT ONLY TREAT, BUT ALSO PREVENT ONE OF THE BIGGEST THREATS KNOWN TO WOMEN. THE CLEVELAND CLINIC'S DR. VINCENT TUOHY AND HIS RESEARCHERS HAVE WORKED FOR THE LAST 8 YEARS, TESTING A POTENTIAL VACCINE FOR BREAST CANCER. HE SAYS, A SINGLE VACCINATION PREVENTS BREAST CANCER TUMORS FROM FORMING IN ANIMALS, WHILE STOPPING THE GROWTH OF EXISTING TUMORS. VINCENT TUOHY, PH.D. CLEVELAND CLINIC"THINK OF BREAST TUMORS AS A KIND OF DRUNKS IN A BAR. THEY SAY THINGS, THEY DO THINGS THAT THEY SHOULDN'T DO AND THAT'S EXACTLY WHAT BREAST TUMORS DO,THEY MAKE LACTATION PROTEINS. WE DON'T KNOW WHY, BUT THEY DO."THE VACCINE TARGETS THAT PROTEIN.

WHILE THIS DISCOVERY IS EXCITING, IT'S IMPORTANT TO REMEMBER, IT'S A BIG LEAP FROM RESULTS IN ANIMALS TO SIMILAR RESULTS IN HUMANS...SOMETHING THEY HOPE TO TEST NEXT YEAR. BUT THE TEAM AT THE CLEVELAND CLINIC IS OPTIMISTIC WE WILL ONE DAY SEE A VACCINE PREVENT AND THEREFORE CURE BREAST CANCER.

WOMEN WHO ARE EXPECTING TRADITIONALLY WORRY ABOUT WEIGHT GAIN--TOO MUCH--TOO LITTLE. AND WITH JUSTIFICATION. ACCORDING TO A NEW STUDY, PACKING ON THE POUNDS AFFECTS NOT ONLY A MOTHER'S HEALTH, BUT THE HEALTH OF HER DEVELOPING CHILD, AS WELL. PREGNANT WOMEN WHO GAIN MORE WEIGHT THAN RECOMMENDED HAVE CHILDREN WHO ARE HEAVIER AND MORE LIKELY TO DEVELOP HEART DISEASE RISK FACTORS--BY THE AGE OF NINE. AMONG THOSE EARLY "AT RISK" INDICATORS:

- HIGHER BODY-MASS INDEXES
- WAISTLINES ALMOST AN INCH LARGER THAN THEIR PEERS
- 2.2 EXTRA POUNDS OF BODY FAT
- BLOOD PRESSURE ONE POINT HIGHER ON THE UPPER (OR SYSTOLIC) FIGURE
- FIFTEEN PERCENT HIGHER BLOOD LEVELS OF SUBSTANCES THAT INDICATE THE PRESENCE OF INFLAMMATION, WHICH CONTRIBUTES TO CORONARY HEART DISEASE
- AND DECREASED LEVELS OF GOOD CHOLESTEROL. THE RISK FACTORS WERE GREATEST IN KIDS OF WOMEN WHO GAINED MORE THAN 1.1 POUNDS PER WEEK AFTER THEIR FIRST TRIMESTER. PHYSICIANS SUGGEST THAT WOMEN OF NORMAL PRE-PREGNANCY WEIGHT GAIN SOMEWHERE BETWEEN TWENTY AND TWENTY-FIVE POUNDS.

WHEN THESE GUYS WANT TO PULL THEIR OUT, SARA FARNETI IS THE ONLY ONE WHO COULD PUT HERS IN A PONYTAIL. IN A ROOM OF 19 SPORTS-LOVING MEN, SHE'S LEARNED HOW TO FIT RIGHT IN. I HAVE A GREAT TIME. AND I'VE LEARNED A LOT MORE ABOUT SPORTS. I TAKE GOLF LESSONS. AT ONE POINT, I COULD TELL YOU THE NAMES OF ALL THE METS PLAYERS. NOT ANYMORE BUT AT ONE POINT I COULD TELL YOU THAT. THAT SARA IS THE ONLY ONE IN HER WALL STREET DUG OUT IS NOT UNUSUAL. IN FINANCE, THE MAJORITY OF WOMEN ARE ADMINISTRATIVE WORKERS. THE INDUSTRY-SUPPORTED CENTER FOR WORK-LIFE POLICY SAYS ONLY 14% ARE EXECUTIVES. KAREN PEETZ IS ONE OF THEM. IT IS KNOWN AS A MAN'S WORLD ON WALL STREET. IT IS. IT IS. WHY DO YOU THINK THAT IS? AND HAS THAT CHANGED SINCE YOU'VE BEEN IN THIS BIZ? WELL I THINK IT IS KNOWN FOR THAT, BECAUSE THERE ARE MOSTLY MEN AT THE TOP. IN FACT, NOT A SINGLE WOMAN HAS EVER BEEN CHIEF EXECUTIVE OF A MAJOR FINANCIAL INSTITUTION. ASIDE FROM WHAT MAY BE A GLASS CEILING, THE LONG HOURS ARE ALSO A CHALLENGE FOR MOST WOMEN. THE AVERAGE WORK WEEK ON WALL STREET? 73 HOURS. THE TIME WHEN WOMEN ARE REALLY HITTING THE PEAK IN THEIR PROFESSIONAL LIFE, WHEN THEY SHOULD BE DOING THAT NETWORKING, IS ALSO THE SAME TIME THEY'RE HITTING THEIR PEAK IN THEIR HOME LIFE. ABSOLUTELY. AND THAT'S A HURDLE. ABSOLUTELY. IT'S A HURDLE. AND I THINK WHAT I COUNSEL A LOT OF WOMEN ABOUT IS, YOU'RE JUST NOT GONNA HAVE THAT MUCH TIME TO YOURSELF. IF YOU GO KIND OF WHOLE-HOG INTO THE JOB AND THEN, EQUALLY, INTO THE FAMILY, THEN

WHAT GIVES IS A LOT OF YOUR PERSONAL TIME. AND SO, MANY WOMEN ARE WILLING TO GIVE THAT UP, BUT SOME AREN'T. A WORK-LIFE TRADEOFF MORGAN STANLEY MANAGING DIRECTOR CARLA HARRIS DENIES. IT'S VERY IMPORTANT YOU UNDERSTAND THAT THIS IS A CLIENT BUSINESS. AND YOUR MANTRA SHOULD BE, "WHEN YOUR CLIENT SAYS JUMP, THE ANSWER IS, HOW HIGH?" AND YOU NEED TO FIGURE OUT HOW THAT WORKS FOR YOU. BUT IN NO WAY THINK THAT IT IS MUTUALLY EXCLUSIVE: THAT IN ORDER TO BE SUCCESSFUL IN THIS BUSINESS, YOU CAN'T HAVE AN OUTSIDE LIFE, YOU CAN'T HAVE A REAL FAMILY LIFE, YOU CAN'T HAVE A PHILANTHROPIC LIFE. THAT AGAIN IS A PERCEPTION. THAT IS NOT REALITY. KAREN PEETZ DOES BELIEVE ATTITUDES ABOUT WHAT WOMEN BRING TO WALL STREET ARE IMPROVING AND HOPES THAT WILL LIFT THEIR STOCK. SOME WOMEN WHO WE'VE INTERVIEWED HAVE TOLD US, YOU ALMOST HAVE TO BE A BETTER MANAGER THAN THE MEN BECAUSE YOU CAN'T COME OFF LIKE THE QUEEN BEE, BUT YOU ALSO CAN'T COME OFF TOO SOFT, YOU KNOW. ABSOLUTELY. THERE'S ABSOLUTELY A LOT OF KIND OF HUMAN INTERACTION THAT IS DIFFERENT. AND OFTEN PEOPLE SAY, "YOU KNOW, IS IT HARDER BEING A WOMAN?" I THINK IT'S ACTUALLY EASIER BECAUSE YOU CAN USE SOME OF THOSE PERSONAL SKILLS, AND YOU'RE ALSO MEMORABLE. 'CAUSE THERE AREN'T THAT MANY OF YOU, SO PEOPLE WILL REMEMBER. TRUE! AND THAT'S OKAY. JUST LIKE SARA. IT WOULD BE NICE TO SAY, YOU KNOW, I WAS THE FIRST WOMAN TO HOLD THIS ROLE AT THIS COMPANY.

NEW EVIDENCE SHOWS THAT PROSTATE CANCER TUMORS ARE DIRECTLY RELATED TO A PATIENT'S WEIGHT. PROSTATE CANCER IS THE SECOND MOST COMMON CANCER IN MEN, AND RESEARCHERS AT HENRY FORD HOSPITAL IN DETROIT CONDUCTED A SIX-YEAR STUDY OF OVER 3,000 MEN WITH THE DISEASE. AFTER PATIENTS UNDERWENT SURGERY TO REMOVE THE CANCER TUMORS, THE TUMORS WERE WEIGHED AND COMPARED TO A DATABASE OF PROSTATE WEIGHTS. PATIENTS WERE THEN PLACED INTO SIX CATEGORIES ACCORDING TO THEIR BODY MASS INDEX, FROM LESS THAN 24.9, WHICH IS CONSIDERED NORMAL, TO OVER 40, WHICH IS CONSIDERED OBESE. IT WAS FOUND THAT THE HEAVIER PATIENTS HAD THE LARGER TUMORS. TUMOR SIZE IS AN IMPORTANT PART OF DIAGNOSING A PATIENT AS IT IS ONE OF THE MAIN COMPONENTS IN EVALUATING THE STAGE OF PROSTATE CANCER. LIKE MANY OTHER CANCERS, A SMALLER TUMOR USUALLY MEANS A LOWER STAGE OF CANCER AND A HIGHER LIKELIHOOD OF SURVIVAL. RESEARCHERS BELIEVE THAT THE LARGER PROSTATE TUMORS IN HEAVIER PATIENTS COULD EXPLAIN WHY THE DISEASE IS MORE AGGRESSIVE IN OBESE MEN.

NOW NEW RESEARCH INDICATES THIS IS TRUE FOR YOUNG PEOPLE AS WELL. A STUDY RELEASED BY THE AMERICAN COLLEGE OF SPORTS MEDICINE LOOKED AT ALMOST 650 CHILDREN AND YOUNG ADULTS AGES 10 TO 24. THEY FOUND THAT THOSE WHO WERE LESS PHYSICALLY ACTIVE HAD STIFFER ARTERIES, WHICH HAS BEEN LINKED TO THE DEVELOPMENT OF HEART DISEASE. ARTERIES ARE THE VESSELS THAT CARRY BLOOD FROM THE HEART TO THE REST OF THE BODY. THEY HAVE MUSCLES WITHIN THEIR WALLS THAT EXPAND AND CONTRACT. RESEARCHERS SAY STIFFER VESSELS PUT YOUNG PEOPLE AT HIGHER RISK FOR BLOOD PRESSURE PROBLEMS AND OTHER HEART HEALTH ISSUES AS THEY

ENTER ADULthood. THE RESEARCHERS STUDIED 3 GROUPS OF ADOLESCENTS: THOSE OF NORMAL WEIGHT, THOSE WHO WERE OBESE, AND OBESE YOUNGSTERS WITH TYPE 2 DIABETES. HOW TIRED YOU ARE AND HOW MUCH SLEEP YOU GET MAY DEPEND ON WHAT TIME OF THE DAY YOU WORK. ACCORDING TO RESEARCH PRESENTED AT A PROFESSIONAL CONFERENCE CALLED SLEEP 2010 IN SAN ANTONIO, PEOPLE WHO STARTED WORK BETWEEN 9 A-M AND 2 PM, SLEPT THE LONGEST, WHILE THOSE WHO STARTED THEIR SHIFT AFTER 8 P-M THROUGH MIDNIGHT, SLEPT THE LEAST. NOW THE NUMBER OF HOURS VARIED FROM 4-POINT-5 TO EIGHT HOURS. BY LOOKING AT 24 SEPARATE 6-DAY WORK SCHEDULES, WITH VARYING SHIFT START TIMES, RESEARCHERS FOUND LATE NIGHT WORKERS HAD LESS SLEEP AND POORER PERFORMANCE AT WORK. AND WHEN IT CAME TO EARLY SHIFTS, MEANING THOSE AFTER MIDNIGHT, THE STUDY FOUND THOSE WORKERS WERE ACTUALLY BETTER RESTED BECAUSE MOST OF THEM SLEPT RIGHT BEFORE THEIR DUTY PERIODS. IN CONTRAST, SHIFTS THAT STARTED JUST BEFORE MIDNIGHT DIDN'T ALLOW FOR PRE-SHIFT SLEEP BECAUSE THE TIMING CONFLICTED WITH THE BODY'S EARLY EVENING CIRCADIAN PROCESS, BETTER KNOWN AS THE INNER BODY CLOCK. BECAUSE OF THESE STATISTICS, EXPERTS AT THE CONFERENCE BELIEVE LABOR REGULATIONS SHOULD PROVIDE GUIDANCE TO EMPLOYERS ON

SHIFT START TIMES, SO COMPANIES CAN MAXIMIZE THEIR WORKERS' SLEEP OPPORTUNITY AND MINIMIZE THEIR RISK OF ON-THE-JOB FATIGUE.

CALLING OR TEXTING WHILE DRIVING IS THE SUBJECT OF AN ARTICLE IN THIS WEEK'S NEW ENGLAND JOURNAL OF MEDICINE. THE AUTHOR SUGGESTS DOCTORS TALK TO PATIENTS ABOUT THEIR DRIVING CELL PHONE HABITS EACH TIME THEY COME IN FOR AN ANNUAL CHECKUP. DISCUSSING THE POTENTIAL HEALTH CONSEQUENCE OF DISTRACTED DRIVING MAY BE AS IMPORTANT AS TALKING ABOUT THE USE OF SEAT BELTS, CIGARETTES AND ALCOHOL OR DRUGS. ACCORDING TO THE AUTHOR, 275 MILLION AMERICANS HAVE CELL PHONES AND 81 PERCENT TALK ON THE PHONE WHILE DRIVING. THIS CALLING OR TEXTING BEHIND THE WHEEL CAUSES 1.6 MILLIONS TRAFFIC ACCIDENTS IN THE U.S. EACH YEAR. THAT'S 28 PERCENT OF ALL ACCIDENTS. IN FACT DRIVERS USING CELL PHONES ARE 4 TIMES MORE LIKELY TO GET IN A CRASH THAN FELLOW DRIVERS WHO ARE NOT DISTRACTED -- WHICH IS COMPARABLE TO DRIVING WHILE INTOXICATED. TEXTING DRIVERS MAY BE UP TO 23 TIMES MORE LIKELY TO GET IN A CRASH THAN IF THEY'D KEPT THEIR EYES ON THE ROAD. AND USING A HAND-FREE DEVICE DOESN'T MAKE PHONE USE ANY SAFER. ASTHMA AFFECTS EIGHT TO TEN PERCENT OF THE AMERICAN POPULATION, AND IT IS THE LEADING CAUSE OF SCHOOL ABSENCES AMONG STUDENTS. BUT NOW, LIKE EVERYTHING ELSE GOING ONLINE, ASTHMA PATIENTS HAVE AN APP FOR THAT. A NEW INTERNET-BASED, SELF-MANAGEMENT TOOL HAS BEEN CREATED FOR ASTHMA PATIENTS TO SELF-DOCUMENT AND MONITOR THEIR SYMPTOMS. AND IT SEEMS TO BE WORKING. RESEARCHERS FROM LEIDEN UNIVERSITY MEDICAL CENTRE FOUND THAT PATIENTS WHO USED THE ONLINE TOOL SAW A REDUCTION IN THEIR ASTHMA SYMPTOMS COMPARED TO THOSE WHO DID NOT USE THE WEB TOOL. STUDY PARTICIPANTS WERE TAUGHT HOW TO MEASURE THEIR OWN LUNG

FUNCTION, AND THEY DOCUMENTED THEIR OWN RESULTS, EITHER THROUGH A WEB APPLICATION OR TEXT MESSAGE. AFTER ASTHMA PATIENTS INPUT THEIR SYMPTOMS INTO THE PROGRAM, THE SITE OFFERED PERSONALIZED ADVICE ON HOW TO ADJUST THEIR TREATMENT. A DIAGRAM WAS ALSO PRESENTED SO THAT INDIVIDUALS WERE ABLE TO SEE THEIR PROGRESS. MOST TIMES, THE PATIENTS WERE ABLE TO CONTROL THEIR SYMPTOMS BETTER AND SUFFER LESS. WEB APPLICATIONS FOR OTHER DISEASES ARE SURE TO COME IN THE FUTURE.

WHEN IT COMES TO POOL SAFETY... MOST OF US LOOK FOR A LIFEGUARD... AND JUMP RIGHT IN. BUT DO YOU EVER THINK ABOUT WHAT'S IN THE WATER? WHAT DO YOU THINK ABOUT PEOPLE WHO PEE IN THE POOL? THAT HAS TO BE ONE OF THE MOST DISGUSTING THINGS ESPECIALLY WITH CHILDREN IN THE POOL. BUT IT DOES HAPPEN. EW, WELL I DON'T PEE IN THE POOL SHE MAY NOT. OTHERS DO. ACCORDING TO A SURVEY FROM THE WATER QUALITY AND HEALTH COUNCIL 1 IN 5 PEOPLE ADMIT TO PEEING IN THE POOL! I THINK ITS MORE PEOPLE THAN ONE OUT OF FIVE HAVE DONE IT, BUT HAVEN'T ADMITTED IT. THE PEOPLE WHO CLEAN POOLS ALSO KNOW IT HAPPENS. THAT'S WHY AT THIS YMCA POOL IN THE BRONX, NEW YORK... THEY SAYS THEY CHECK THE WATER EVERY TWO HOURS. ITS TOUGH. YOU HAVE TO BE CONSTANTLY MONITORING IT, YOU HAVE TO BE PERSISTENT IN CHECKING YOUR LEVELS. BUT A NEW REPORT FROM THE CENTERS FOR DISEASE CONTROL SUGGESTS THIS YMCA AND ITS HIGH STANDARDS ARE MORE THE EXCEPTION THAN THE RULE. WE FOUND THAT ALMOST 1 IN 8 POOLS WAS IMMEDIATELY CLOSED ON INSPECTION BECAUSE OF SERIOUS VIOLATIONS THAT THREATENED PUBLIC HEALTH AND SAFETY. BY SERIOUS VIOLATIONS I MEAN FOR EXAMPLE, NO CHLORINE IN THE WATER. THAT COULD LEAVE SWIMMERS UNPROTECTED FROM BACTERIA THAT COULD CAUSE EVERYTHING FROM AN UPSET STOMACH TO AN E-COLI INFECTION. SO, HOW DO YOU KNOW WHEN NOT TO TAKE THE PLUNGE. I THINK YOU HAVE TO TAKE A LEAP OF FAITH THAT SOME ONE'S DOING THEIR JOB BUT THE CDC SAYS YOU REALLY DON'T HAVE TO TAKE A LEAP OF FAITH, BECAUSE TESTING KITS LIKE THESE ARE READILY AVAILABLE AND EASY TO USE. YOU JUST TAKE A STRIP AND DIP IT IN THE WATER AND THEN COMPARE IT TO THE CHART ON THE BACK OF THE BOTTLE. RED IS THE PH, IT'S OK, SO IS THE CHLORINE WHICH IS PURPLE. IF THEY'RE NOT RIGHT WE RECOMMEND TALKING TO THE POOL OPERATOR. IF THE POOL OPERATOR DOESN'T CORRECT THE SITUATION, GO IN TO YOUR LOCAL PUBLIC HEALTH DEPARTMENT. ALTHOUGH THE CDC IS WORKING ON IT, THERE ARE NO NATIONAL GUIDELINES FOR POOLS, WHICH MEANS THE QUALITY OF THE WATER CAN REALLY VARY...SO, IT'S UP TO YOU AND THOSE TEST STRIPS. WHEN WE GO BIKING WE WEAR HELMETS, NOW WHEN WE GO SWIMMING CDC RECOMMENDS THAT YOU TEST THE WATER BEFORE YOU GO IN. THE CDC SAYS THERE ARE A PATCHWORK OF RULES AND REGULATIONS ACROSS THE COUNTRY. SOME POOLS MAY ONLY GET INSPECTED ONCE A YEAR OR NOT AT ALL. AS FOR THOSE TEST STRIPS, THE CDC IS NOW PROVIDING THEM FREE OF CHARGE AT HEALTHYPOOLS DOT ORG.

THE OLD WIVES' TALE THAT EATING CARROTS IS GOOD FOR THE EYES COULD HAVE MORE TRUTH TO IT THAN YOU MAY HAVE THOUGHT. NEW STUDY OUT OF THE JUNE ISSUE OF ARCHIVES OF OPHTHAMOLO G Y FOUND THAT WOMEN WHO EAT FOODS RICH IN VITAMINS AND MINERALS, LIKE CARROTS, COULD HAVE A LOWER RISK OF DEVELOPING A TYPE OF CATARACT, KNOWN AS A NUCLEAR CATARACT. NUCLEAR CATARACTS ARE THE MOST COMMON CATARACTS IN THE U-S. AS THEY DEVELOP, THEY CLOUD THE LENS OF THE EYE, CAUSING OBSTRUCTION TO LIGHT. CATARACTS ARE THE LEADING CAUSE OF BLINDNESS IN THE WORLD. AND AS YOU AGE, THE LIKELIHOOD OF DEVELOPING A CATARACT INCREASES. IN THIS STUDY, RESEARCHERS LOOKED AT THE NUTRITIONAL RISK FACTORS AND EYE HEALTH IN 18-HUNDRED WOMEN BETWEEN THE AGES OF 55 TO 86 YEARS OLD. THEY FOUND THOSE WHO STUCK TO THE U-S DIETARY GUIDELINES HAD A LESS LIKELY CHANCE OF DEVELOPING CATARACTS. THE DATA SHOWED THAT OF THE GROUP, 736, OR ABOUT 41 PERCENT HAD EITHER DEVELOPED OR WERE ALREADY DEVELOPING A NUCLEAR CATARACT, WHILE THE OTHER 59 PERCENT REMAINED CATARACT FREE. STUDY AUTHORS SAY THESE RESULTS SHOW THAT LIFESTYLE IMPROVEMENTS, SUCH AS IMPROVING YOUR DIET, KEEPING A HEALTHY WEIGHT AND CUTTING OUT TOBACCO, CAN LOWER THE NEED FOR CATARACT SURGERY IN AGING AMERICAN WOMEN, AND KEEP THEIR EYES HEALTHIER FOR A LONGER PERIOD OF TIME.

FOR MOST OF THE 20TH CENTURY, BED REST WAS CONSIDERED THE BEST WAY TO TREAT ACUTE LOW BACK PAIN. BUT IN RECENT DECADES, MOST DOCTORS HAVE ADVISED THEIR PATIENTS TO STAY AS ACTIVE AS POSSIBLE. IN AN UPDATED REVIEW PUBLISHED IN THE COCHRANE LIBRARY, RESEARCHERS REITERATED THAT LOWER BACK PAIN SEEMS TO BE NO EXCUSE TO STAY IN BED. IN ORDER TO COMPARE BED REST AND ACTIVITY, RESEARCHERS REVIEWED DATA FROM PREVIOUS STUDIES. THEY FOUND THAT, IN GENERAL, NORMAL DAILY ACTIVITY SEEMED TO BE THE BEST WAY FOR PATIENTS TO GET BETTER. FOR PATIENTS WHO HAVE LOW BACK PAIN WITH SCIATICA, WHICH IS DEFINED BY LOWER BACK PAIN WITH TINGLING OR WEAKNESS IN THE LEG, DATA DID NOT SHOW SIGNIFICANT SIGNS THAT IT WAS BETTER OR WORSE FOR THE PATIENT TO STAY ON BED REST. STROKE IS THE SECOND LEADING CAUSE OF DEATH WORLDWIDE. RESEARCHERS WORKING ON THE FIRST PHASE OF THE THREE-YEAR INTERSTROKE STUDY FOUND THAT THERE ARE 10 RISK FACTORS THAT ARE ASSOCIATED WITH NEARLY ALL OF THE RISK OF HAVING A STROKE. THE STUDY EVALUATED DATA OF 6,000 PEOPLE FROM 22 COUNTRIES. HALF OF THE STUDY PARTICIPANTS HAD HAD A FIRST STROKE AND HALF WERE CONTROLS, WHERE NO ONE HAD HISTORY OF A STROKE. THE STUDY INCLUDED COUNTRIES WITH LOW AND MIDDLE INCOMES, AND ALL CASES COMPLETED A BRAIN SCAN. AN ISCHEMIC STROKE IS CAUSED BY A BLOOD CLOT BLOCKING A BLOOD VESSEL IN THE BRAIN, WHILE AN INTRACEREBRAL HEMORRHAGIC STROKE IS WHEN THERE IS BLEEDING INTO THE BRAIN TISSUE. BOTH STROKE TYPES WERE EVALUATED, AND IT WAS FOUND THAT 80 PERCENT OF THE GLOBAL RISK FOR BOTH KINDS OF STROKE INCLUDED HYPERTENSION, CURRENT SMOKING, ABDOMINAL OBESITY, DIET, AND PHYSICAL ACTIVITY. BLOOD PRESSURE WAS FOUND TO BE THE MOST IMPORTANT RISK FACTOR FOR STROKE, WHILE SMOKERS WERE AT DOUBLE THE RISK OF STROKE COMPARED TO NON-SMOKERS. RESEARCHERS BELIEVE THAT ENCOURAGING PEOPLE TO LOWER BLOOD PRESSURE AND QUIT SMOKING, ALONG WITH REGULARLY EXERCISING AND EATING A HEALTHY DIET, COULD DECREASE THE WORLDWIDE BURDEN OF STROKE.

SO YOU MIGHT THINK BP WOULD BE MEETING EVERY REQUEST TO HELP IN THIS AREA? THINK AGAIN. THIS ALL STARTED BACK ON MAY 28TH, WHEN THE STATE OF LOUISIANA ASKED BP FOR 10-MILLION-DOLLARS, SPECIFICALLY TO TREAT MENTAL HEALTH. BUT ON JUNE 13.. BP'S CHIEF OPERATING OFFICER, DOUG SUTTLES, RESPONDED NOT WITH A CHECK, BUT WITH A LETTER. SUTTLES WROTE HE'S HAD QUOTE, "SPIRITED DISCUSSIONS" WITH THE STATE AND LOOKS FORWARD TO "CONTINUING THE DIALOGUE." EXACTLY HOW IS THAT DIALOGUE GOING? WE ASKED LOUISIANA'S HEALTH SECRETARY: KAYE: "HAS THERE REALLY BEEN MUCH DIALOGUE?" LEVINE: "NO I TELL YOU THERE ISN'T TIME FOR DIALOGUE AS IT RELATES TO

MENTAL HEALTH. WE'RE NOW SEEING THE PEOPLE WE HAVE ON THE GROUND ARE SEEING INCREASED EVIDENCE OF PEOPLE DRINKING, INCREASED FACTORS THAT LEAD TO ANXIETY, DEPRESSION, AND STRESS. WE HAVE CHILDREN INVOLVED. THERE'S NO TIME FOR DIALOGUE. WE NEED THEM TO SUPPORT THIS." KEEPING THEM HONEST, WE TRIED TO ASK BP WHY IT ISN'T PAYING THE MENTAL HEALTH COSTS OF THE SPILL? BP TOLD US - QUOTE - "WE HAVE RECEIVED A REQUEST FOR FUNDING AROUND MENTAL HEALTH PROGRAMS. WE ARE DISCUSSING THE REQUEST WITH SEVERAL STAKEHOLDER GROUPS." LEVINE SAYS IN THE EARLY DAYS OF THE CATASTROPHE, THE STATE PUT ONE-MILLION-DOLLARS OF BP MONEY TOWARDS MENTAL HEALTH TREATMENT, BUT LEVINE SAYS 2000 HAVE BEEN TREATED ALREADY AND THAT MONEY IS ALMOST GONE! SO TODAY, LEVINE FIRED OFF ANOTHER LETTER TO BP'S SUTTLES REQUESTING AGAIN 10-MILLION-DOLLARS TO SUPPORT SIX MONTHS WORTH OF OUTREACH PROGRAMS, INCLUDING MEDICATIONS AND COUNSELING. KAYE: "DOES IT MAKE YOU FEEL THAT YOU HAVE TO BACK TO BP AND SAY HEY LOOK, WE REALLY NEED THIS MONEY? WE WEREN'T KIDDING!" LEVINE: "THAT'S ONE OF THE REASONS THAT WE PUT A DEADLINE ON THE LAST LETTER. IN THE LAST SENTENCE, WE SAID WE NEED AN ANSWER BY NEXT WEEK. THERE'S NO MORE TIME TO TALK ABOUT THIS." YOU DON'T HAVE TO TELL THAT TO DOCTORS HERE AT THE ST. BERNARD PROJECT FOR HEALTH AND WELLNESS.. THEY CAN'T KEEP UP WITH PATIENT DEMAND. THEY GET AS MANY TEN CALLS A WEEK FROM PEOPLE TRAUMATIZED BY THE SPILL, LEADING TO A TWO MONTH WAIT FOR AN APPOINTMENT HERE. MORE MONEY WOULD MEAN THEY COULD HIRE MORE DOCTORS AND TREAT MORE PATIENTS. KAYE: "IDEALLY HOW MUCH MONEY WOULD YOU NEED?" LEVINE: "500-THOUSAND-DOLLARS WOULD BE WONDERFUL." KAYE: "DO YOU THINK THEY SHOULD PAY TO HELP PEOPLE GET THE TREATMENT THEY NEED?" LEVINE: "YES ABSOLUTELY, WITHOUT ANY DOUBT." PSYCHIATRIST CHUCK COLEMAN COULDN'T AGREE MORE... I WOULD HOPE THAT BP WOULD HELP PAY FOR THIS AND THE LIKELIHOOD THAT THIS SPILL CAUSING PERMANENT PSYCHIATRIC DISABILITY WOULD BE DIMINISHED BY TAKING CARE OF MENTAL HEALTH ISSUES EARLY ON. SECRETARY LEVINE SAYS NOT TREATING MENTAL HEALTH EARLY ON IN A CATASTROPHE CAN MAKE IT MORE EXPENSIVE TO TREAT LATER, AND IF BP DOESN'T PAY HE SAYS, YOU WILL IN LOUISIANA BECAUSE THE STATE MAY BE FORCED TO RAISE TAXES TO PAY FOR IT.
